1	Opening Prayer & Welcome	Fr Chadi said the Opening Prayer Cecil welcomed the PPC members to the meeting
2	Explanation of PPC Minutes Protocols	<ul style="list-style-type: none"> - Welcome - Cecil highlighted the specifics of the PPC Minutes and its protocols. Ensure that the PPC Minutes are displayed on the Parish Website –All minutes are in PDF format, providing transparency. - Cecil briefly talked about the Formation of the PPC in the year 2019-2022 (To form oneself in one team) its long Journey and forms of Practice by the Statutes of the Parish Pastoral Council and how we need to start this process today/ tonight. - He continued by saying "What is the formation amongst ourselves? "Why are we doing what we are doing?" - Cecil acknowledged and confirmed that our role is a "Pastoral" one and that we should ask the Holy Spirit to guide us through our journey in the PPC.
3	Why have we chosen to be part of the PPC?	<ul style="list-style-type: none"> - Everyone was given the opportunity to engage and discuss very briefly what is their involvement within the PPC/ parish community. - Fr Regie discussed that the formation needs to be about the role that we play as members of the PPC and to help us to function as effective ones. The formation will help us define our purpose, parish development, parish goals and help us provide good counsel. The parish priests cannot do this on their own but need the support, advice, and wisdom of the PPC team and parishioners. - Harlane to be of service to Fr. Regie & the team, what could I do myself as Parishioner for the church, looking at evangelization, how we can work as a team to be on the same page & forward our mission. - Erica – we have big responsibility – I would like to grow in the spirit of God and to serve the greater community and to work together in word & action to promote what we do.

		<ul style="list-style-type: none"> - Tony – the PPC is like a rudder in any ship which will steer the congregation towards the port which in our case is Christ. It is a great privilege to be of service to our fellow parishioners in this – walking with them, praising God together with the angels & saints. - Sidney – I always want to be involved & connected to the church to be an example to my children. - Beato – I have been actively involved in the life of the Parish for many years – all of us want to have a vibrant Parish & Church – and I have great passion for the youth – all of this involves our commitment, our experiences, our expertise – as we play an advisory role in the Parish – as the Parish Priest cannot do everything on his own. - Cecil – officially thanked Beato for playing the Deputy Chair role in the Parish for the last year –during COVID time. - Helena – this is the first time that I am playing a role like this and I am still trying to find out what my role is. In the meantime I am enjoying my spiritual journey and hoping to assist our Parishioners. - Savita – for me it is being part of the team, doing something different, challenging, going on a journey – but personally I am an individual worker so happy now to work as part of team – this will be good for me spiritually – especially in my role as Secretary. - Josh – in my work & home I am an individual worker and that is something that I want to overcome, I want to learn to work in a team. I see a lot of fellow parishioners & priests who are passionate about their faith and given that the church is about community – I want to work together in a team - especially during these times when the church needs all our help, beginning with our Parish. - Tom – given that this is my first full time experience of working in a Parish – I want to learn the ropes of how the PPC can support the Parish Priest in his work. - Fr. Chadi – to be part of PPC is part of the mission of the priest in the parish. I am here as a brother & supporter of everyone. - Fr. Regie – The PPC is consultative in nature especially in direction & decisions as the Priests cannot do things on their own. I rely on the advice, wisdom & support of the lay leaders in the Parish and in my decision making cannot just go against that grain. Thank you for all generosity – people will look up to you. - Cecil – Our role is more pastoral - more the faith & spiritual formation of our Parishioners. The PPC must first become what we want our Parish to be. i.e. we have to become disciples of Jesus Christ. - We also discussed the role of PPC viz-a-viz its interaction with the Parish Team and the Parish Finance Team and what role the other teams to play in the life of the Parish.
